

# What does **RACISM** have to do with me?

Racism is often experienced at school- both systemically and individually. This poster is focused on individual acts of racism. We all have a role in combatting racism. Here are some actions you can take:

## LEARN:

Self-reflect by acknowledging your own biases and educating yourself and your peers on the different types of racism.

## THINK:

Think about how you can help address and prevent racism in your environment. Reflect on your past responses in the face of racism. How can you be a better ally for others?

## ACT:

Support your peers by calling attention to acts of racism in your school and community. Reach out to an adult you trust when you need help to do so.

We all have a role to play, every role is important in stepping up against racism and bettering our community.
